Strike Damages Awarded After being out 20 hours, thejury in the Rutland county court Satuday returned a verdict against the Mchinists Union for \$2500 in favor of se F. R. Patch Manufacturing Compay. This was a suit for \$10,000 damage brought by the Patch Company againt Protection Lodge, No. 215, Indepedent Association of Machinists. The labor men will take the case to the 'sureme court. A strike has been in process at the Patch works since May, 1902. The plaintiffs brought an actior for damages on the ground that the defidant organization of machinists, of which the strikers are members, inimidated nonunion men and prevented them from filling the positions made vacant by the strikers. The plaintiffs contended that they were forced to mai tain a boardinghouse for the non-unica employees and that they were obliged to protect them by biring private police. The case aroused great interet in labor circles, not only in Vermont out throughout the rest of New England. An interesting feature of the trial was the disappearance Not only did the secretaries themselves be found. Howver, when the defence put its witnesseson the stand, Secretary Capeless appeard and testified, but the odge records were not produced. Secretary McKean aid his books did not appear at any stage of the trial. The Central Trade and Labor Council has as members threedelegates from each one of the labor unions in Rutland, and it was the intention of the prosecution to show by producing the records of the council that some oficial had been taken by it with reference to the strike at the plant of the Paten Company.

The defendant made 25 requests for charges to the jury. Nineteen of them were complied with and two with limitations. These were largely amplifications of points already touched upon. The judge refused, however, to comply with equesis that the jury be instructed that he plaintiff had no right to the services men not under contract or already emloved and could not recover damages or any threats to or intimidation of men who were seeking to enter its emloy. The judgealso declined to instruct hat the plaintiff could not recover for breats to boycott made to merchants ho supplied necessities to Patch emif made directly to the merants. The plaintiff made 12 requests or instructions to the jury. The court assed one request, that the jury be intructed that the plaintiff could recover amages sustained by "picketing" of trikers, saying that so far as this reust was sound it had already been ered. He complied with a request to struct that the telling of workmen that hey would be watched by the union or cotted was unlawful. He also inmpany's employ by calling them portation company. or calling the plant a "scab " the plaintiff could recover for any

This case is a radical departure from te usual American way of attacking like intimidation by injunction, and is part identical in principle with the mous Taff Vale case lately decided in and by an award of heavy damages anst a railway employees union.

Damage by High Water.

The unusually high water in Lake Champlain, lashed into a fury by a terrific south wind, did considerable damage to the docks, boat houses, and other property along the lake shore last week at Rouses Point. About 250 tons of coal belonging to the Champlain Transportation Co. was washed into the lake and the dock was badly damaged. The railroad drawbridge between Rouses Point and Alburg, has been rendered unsafe. At Burlington and Whitehall, Port Henry, Westport, and Port Kent, N. Y., much damage has been done.

There is something sentimental about it, leaving aside the business idea. The people who name their farms are gencrally people who are devoted to them. Dress Quits to rent. But, for heaven's sake, in following the suggestion of the Whitesboro News, do not fall into the error of calling your found dead on the floor of his store larm "Heartsease" or anything like that, A man whose farm is named "Heartsease" cannot sell a pig because purchasers to whom he would offer it would think it was raised on intant blood, hence not in the best of health. State Press knows a man whose home is called Heartscase, a name given it by a celebrated poet, and be has not been altogether happy since. It is bad enough to own a town lot and house by that name. Farmers should avoid it as a thing destructive to happiness .- Galveston

Relief

From Headache and Neuralgia

In a Few Minutes After Taking

Dr. Miles Anti-Pain Pills. Chronic Case Cured.

"I cannot speak to highly of your remedies and I will always tell my friends how much they have done for my husband and myself they have done for my husband and myself for sudden attacks of headaches, neuralgia and rheumatic pains. There is nothing equal to Dr. Miles' Anti-Pain Pills. They are simply splendid and giverclief in fifteen or twenty minutes. I used to be subject to attacks of headache, which had become chronic, and I took a course of Nervine and Nerve and Liver Pills in connection with the Anti-Pain Pills. The result is I now have very little trouble in that way. My husband has also taken these remedies and praises them very highly. We always have some of both kinds of pills in the house, and do not feel that we could get along without them.—MRS. KATE K. JOHNSON, McClellandsville, Delaware.

There are many reasons why you should take Dr. Miles' Anti-Pain Pills, but the best reason is that they will give you almost instant relief from headache or other pain. In cases of chronic headache, when the sufferer knows an attack is coming on, a Pain Pill will usually prevent it entirely. In cases of extreme nervous exhaustion, when the brain is too tired and the body too nervous to rest, an Anti-Pain Pill will sooth the nerves so that Anti-Pain Pill will sooth the nerves so that sleep may come. They never fail, yet contain no opiates and are non-laxative.

All druggists sell and guarantee Dr. Miles' Anti-Pain Pills. They are non-laxative; con-tain no opiates, never sold in bulk, 25 doses, 25 cents. Dr. Miles Medical Co., Elkhart, Ind.

THROWN FROM FIRE TRUCK

Ladderman Frank Smith Meets with a Serious Accident While Answering an Alarm.

While on the way to a fire the sudden jolting of the hook-and-ladder truck threw Fireman Frank Smith from his position on the running board. He struck the pavement head-foremost and was still unconscious when brought to the hospital. It was feared by the house physician that he had received internal injuries which might prove fatal.

Smith is stationed at the Central Fire Station, corner Fifth and Valley streets, Burlington, Ia., and in referring to the accident, he said to a reporter: "My whole system had received a violent rection; for he has promised: "He that shock which affected my nerves fearbelieveth in me, though he were dead, fully.
